RE: Answer Defendant complaint of dismissed

I ask the court to please let the "Jury" hear my case. I can't spell or write that good but C-M-S has put me thour Hell, I can show it and The lawyer that the court give me to see my case need more time David A Felice.

Please dont dismissed my case, I beg you they should be held for all they put me thour dont let C-M-S get away by Dismissing my complaint.

First affirmative Defense to Twenty ninth affirmati. dont show my pain that I been put thour. Here is a copy of a letter to the commissioner telling him how bad the C-M-S is & it will show the court that C-M-S has not done there job like they should of. I ask the court not to Dismiss my case in to I show the Jury & let them be the one who will Dismiss my case. I can't spell or write but I can show all they done to me.

Thank you & God Bless

Dear Sir:

I am writing to you to inform you of the wrongful event's leading to me having emergency surgery, to show the lack and neglect of care and professionalization of the medical staff here. I told a C/O on duty of my housing unit on Sept 15, 2007 that I was in real pain and needed to see medical. He called and sent me down, when I told nurse Michelle Ward that I was in serious pain she did not seem to care or want to be bothered, she took my vitals gave me some medication and sent me back to my unit up stairs.

On Sept 16, 2007 still in serious pain returned to medical and saw nurse Charles and expressed my pain once again. He then took my vitals gave me some medication and attempted to send me back up stairs to my cell, when thanks to God a sergeant from the 12 to 8 shift saw the serious nature of my pain the sergeant told nurse Charles if you see a man in as much pain as De Jesus is in with tears in his eyes get him help. It took a sergeant with no medical knowledge that I know of to get a medical supposed professional to get me the help I needed. After the medical staff realized the seriousness of my medical problem I was rushed to B.B. Hospital where I received a cat scan and was rushed to emergency surgery to have my gallbladder removed - over

I need to show you alot more but no one here will allow me to make copy's of my medical paper work or unanswered letter to the warden or medical Grievance's because i have no money on the books and also because they say it is no legal paper work, also i send this in someone else name because they would stop it from going out if it was in my name please let me know that you have received this letter Thank you for you time.

PS. did you ever received a letter dated Sect 5-30-07, it not
 I have copy's of it & my lawyer & us court can you make the lawlibry let me make copy's & send it to you, I have no money on the Books.

Please Help read the memorandum opinion on 4-23-07
it will show a lot of how the court denied Cade's motion.
